Subject: Revision in DPNG & CNG Prices pertaining to PNGRB's Unified Tariff Revision dated 16.12.2025

Petroleum and Natural Gas Regulatory Board (PNGRB), vide Press Release dated 16.12.2025, introduced a major consumer-centric reform by rationalising the unified tariff structure for natural gas transportation with the objective of promoting wider adoption of Compressed Natural Gas (CNG) and Piped Natural Gas (PNG).

PNGRB rationalised the natural gas transportation tariff structure by reducing the number of tariff zones from three to two i.e. up to 300 km and beyond 300 km and notified that CNG and Domestic PNG consumers across the country shall be charged the Zone-1 tariff of Rs. 54.00/MMBTU, irrespective of distance. The revised transportation tariffs of Rs. 54.00/MMBTU (up to 300 km) and Rs. 102.86/MMBTU (beyond 300 km) became effective from 1st January 2026.

To assess the consumer impact of this reform, PNGRB sought inputs from all City Gas Distribution (CGD) entities regarding the revision in prices of CNG and Domestic PNG pertaining to the unified tariff revision.

Based on the details received from the CGD entities, the revision in DPNG prices ranges from Rs. 0.37 to Rs. 5.00 per SCM, while the revision in the CNG segment ranges from Rs. 0.30 to Rs. 4.05 per kg, indicating the extent of benefit passed on to consumers across various Geographical Areas (GAs).

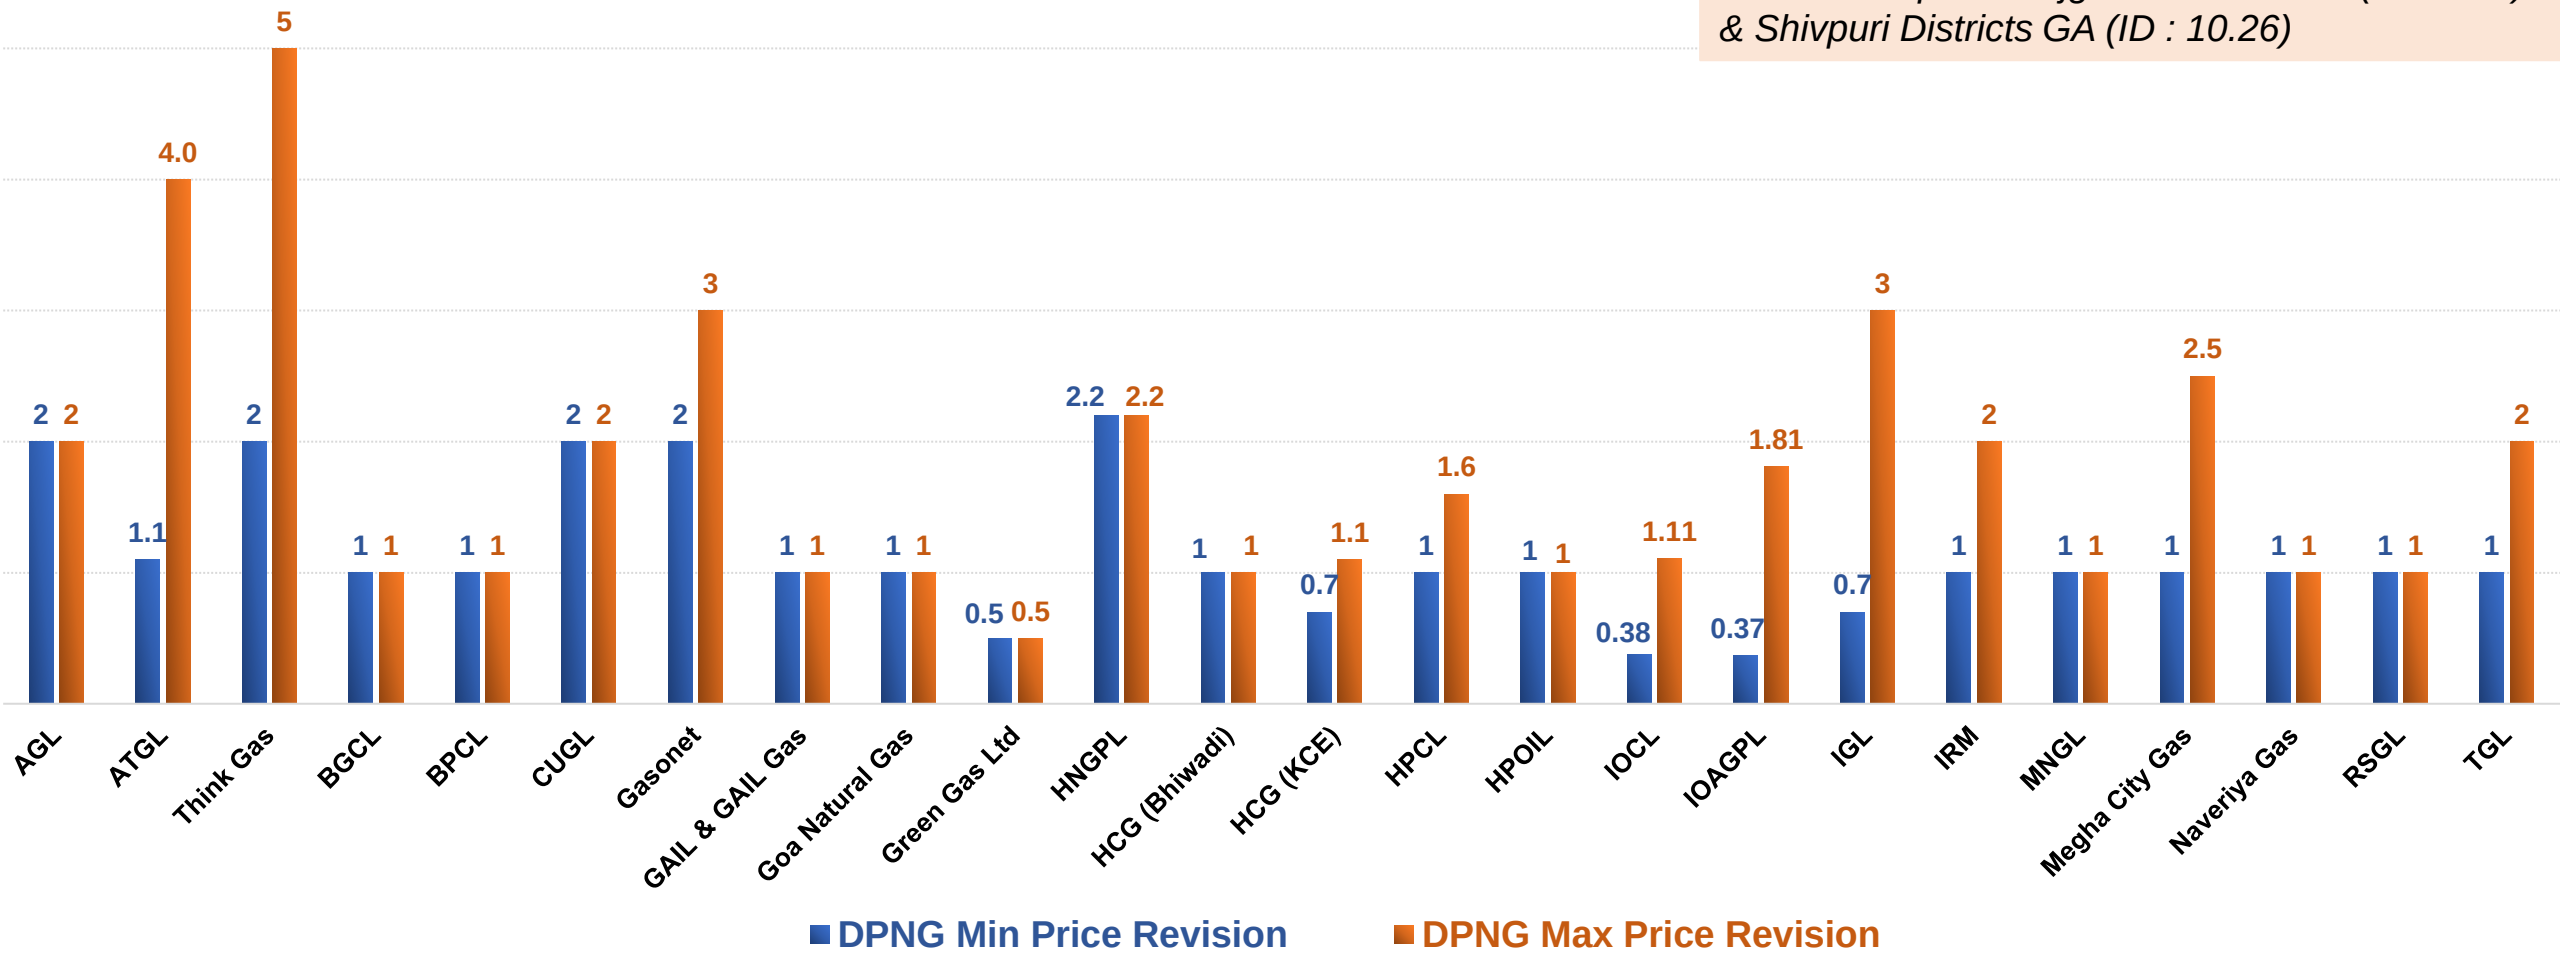

The entity-wise summary of price revision indicating Maximum and Minimum revision in DPNG and CNG prices is enclosed as **Annexure A** and the detailed GA wise price revision data for DPNG and CNG is enclosed as **Annexure B**.
