

पेट्रोलियम एवं प्राकृतिक गैस विनियामक बोर्ड
Petroleum and Natural Gas Regulatory Board

EXCELLENCE
AWARDS
2025

PREAMBLE

The Petroleum and Natural Gas Regulatory Board (PNGRB) was established under the Petroleum and Natural Gas Regulatory Board Act, 2006, with the mandate to protect consumer interests, promote competitive markets, and ensure uninterrupted and adequate supply of petroleum products and natural gas across India.

As the regulatory authority overseeing the natural gas sector, PNGRB has been instrumental in facilitating the development of City Gas Distribution (CGD) networks and Natural Gas Pipeline (NGPL) infrastructure across the country. The CGD sector has witnessed remarkable growth, transforming from a few cities to reaching hundreds of geographical areas, bringing clean and affordable energy to millions of households, commercial establishments, and industries.

The PNGRB Excellence Awards were instituted to recognize and celebrate organizations that have demonstrated exceptional performance, innovation, and commitment to excellence in the oil and gas sector. These awards acknowledge contributions that have gone beyond regulatory compliance to set benchmarks in operational excellence, safety, customer service, sustainability, and overall contribution to India's energy landscape.

The awards are a tribute to those pioneers and performers who have played a pivotal role in building India's CGD ecosystem and advancing the nation's clean energy transition.

FOREWORD

The journey of Gas Distribution in India has been transformative. From its nascent stages to the extensive network we see today, the sector has come a long way in bringing clean, affordable, and reliable energy to millions of citizens.

The PNGRB Excellence Awards represent our commitment to recognizing outstanding contributions that have shaped this industry. These awards celebrate not just commercial success, but more importantly, the spirit of innovation, dedication to safety, commitment to customer satisfaction, and leadership in sustainability that our award winners have demonstrated.

The 19th Foundation Day of PNGRB, celebrated on 06th October 2025, marked a historic milestone with the institution of these Excellence Awards. A distinguished jury comprising eminent industry veterans evaluated entries across multiple categories, ensuring that recognition was accorded to truly deserving entities.

This citation booklet commemorates the achievements of our award winners in the CGD and NGPL category. Each awardee has set benchmarks in their respective domains and serves as an inspiration for the entire industry.

We congratulate all the winners and express our gratitude for their contribution to India's energy security and environmental sustainability.

MESSAGE FROM THE CHAIRPERSON

It gives me immense pride to present the inaugural PNGRB Excellence Awards, recognizing exceptional performance in India's Gas Distribution sector.

The CGD industry and Natural Gas Pipeline network have been at the forefront of India's clean energy revolution, replacing polluting fuels with cleaner natural gas across domestic, commercial, and industrial segments. The entities we honor today have not only expanded infrastructure but have done so with unwavering commitment to safety, operational excellence, and customer satisfaction.

These awards reflect our vision of fostering a culture of excellence, innovation, and continuous improvement in the sector. I congratulate all winners for their remarkable achievements and encourage the entire industry to strive for similar excellence.

DR. ANIL KUMAR JAIN
Chairperson, PNGRB

MESSAGE FROM MEMBER (MONITORING & INFRASTRUCTURE)

The expansion and reliable operation of Natural Gas Pipeline Network and CGD infrastructure is fundamental to India's energy transition goals. The award winners recognized in this booklet have demonstrated exemplary capabilities in building and operating NGPL & CGD networks across diverse geographies and challenging conditions.

Their achievements in network expansion, operational reliability, technical excellence, and safety standards have set new benchmarks for the industry. These organizations have shown that commercial success and social responsibility can go hand in hand.

I extend my heartiest congratulations to all awardees and wish them continued success in their endeavours.

A. RAMANA KUMAR
Member, PNGRB

GENESIS

India's gas infrastructure is expanding at an unprecedented pace, with growing participation of entities in the City Gas Distribution (CGD) and Natural Gas Pipeline (NGPL) networks. This dynamic growth underscores the need to embed a culture of operational excellence, innovation, safety, environmental sustainability, and customer-focused service delivery across the natural gas sector.

As the CGD and NGPL networks expand to meet the growing demand for cleaner energy, PNGRB's embarks upon fostering a culture of safety, reliability, and environmental stewardship. Through robust technical standards, transparent market practices, and forward-looking sustainability initiatives.

PNGRB is of the strong opinion that recognizing and honoring exceptional performance will not only motivate entities to excel but will also catalyze the adoption of best-in-class practices, stimulate continuous improvement, and foster healthy competition among equals.

In line with the above, it has instituted the "PNGRB Awards for Excellence in CGD and NGPL" which will motivate the entities and acknowledge outstanding contributions in the oil and gas domain that demonstrates leadership, innovation, and excellence in operational and strategic domains.

OBJECTIVE OF THE AWARDS SCHEME

The primary objective of the Award Scheme is to

- Recognize, motivate and reward excellence, innovation, and service delivery in CGD and NGPL Networks with overall objective to Protect the interest of consumers by fostering fair trade and competition amongst the entities.
- Promote operational efficiency, infrastructure development, safety culture, and consumer satisfaction.
- Encourage adherence to regulatory standards and sustainability goals.
- Showcase and benchmark best practices within the gas industry.

CONGRATULATIONS

Dear Award Recipients,

On behalf of the Petroleum and Natural Gas Regulatory Board, we extend our warmest congratulations to all the award winners. Your achievement reflects commitment to excellence, safety, innovation, and customer service - values that define India's NGPL & CGD sector leadership.

Your dedication, innovation, and commitment to excellence have not only advanced your organizations but have significantly contributed to India's clean energy mission. You have set standards that inspire the entire industry to aim higher and perform better.

This recognition celebrates not just past performance, but your potential to inspire industry-wide improvements and contribute to India's energy security and sustainability goals.

We look forward to your continued leadership in advancing NGPL & CGD excellence across India.

May you continue to lead with vision, integrity, and excellence.

Warm regards,

**Anjan Kumar Mishra,
Secretary, PNGRB**

THE AWARDS ARE BEING GIVEN FOR NGPL AND CGD NETWORKS

**NATURAL GAS PIPELINE
(NGPL)**

**CITY GAS DISTRIBUTION
(CGD)**

NGPL

AWARD CATEGORIES: -

-GAS TRANSPORTER OF THE YEAR

-LEADER IN OPERATIONS & HSSE

AWARD SEGMENT

- 🏆 GAS TRANSPORTER OF THE YEAR — ENTITY >1500 KM
- 🏆 GAS TRANSPORTER OF THE YEAR — ENTITY >1000 BUT <1500 KM
- 🏆 GAS TRANSPORTER OF THE YEAR — ENTITY <1000 KM
- 🏆 GAS TRANSPORTER OF THE YEAR — PIPELINE >1000 KM
- 🏆 GAS TRANSPORTER OF THE YEAR — PIPELINE <1000 KM
- 🏆 LEADER IN OPERATIONS & HSSE — PIPELINE >1000 KM.
- 🏆 LEADER IN OPERATIONS & HSSE — PIPELINE <1000 KM

NGPL

EVALUATION FRAMEWORK

The Excellence Awards in NGPL Network recognize pipeline operators that demonstrate operational excellence, safety leadership, customer centricity, and sustainability commitment.

EVALUATION PARAMETERS

1. Assessment of Pipeline Integrity Excellence: IMS Audit Compliance: Implementation of Integrity Management System recommendations, Geo-spatial Mapping: GIS mapping and SCADA/GPRS integration coverage, Remote Operations: Percentage of remotely operated block valves and control valves, In-line Inspections: IPS recommendations implementation, Corrosion Management: Monitoring probes at gas injection points
2. Evaluation of Operational Excellence: Pipeline Downtime: Breakdowns and leaks excluding force majeure, O&M Cost Efficiency: Specific operating cost per unit gas transported per km, MAOP Operations: Percentage of pipeline NOT operating at derated pressure, Energy Consumption: Specific energy per unit gas transported per km, Measurement of Environmental, Social, and Governance (ESG) & Sustainability

NGPL

EVALUATION PARAMETERS

3. Assessment of Health, Safety, Security and Environment culture : T4S Audit Compliance: Timely implementation of audit recommendations, Incident Investigation: RCA and CAPA completion for all incidents, Safety Metrics): FAR (Fatal Accident Rate), TRIR (Total Recordable Incident Rate), LTIF (Lost Time Injury Frequency), Leading Indicators: Near-miss reporting per employee, Safety critical interlocks bypassed, ERDMP Compliance: Emergency Response disaster management audit
4. Sustainability Initiatives - GHG Emissions Intensity: Scope 1+2 emissions per unit gas transported, Community Enhancement: CSR initiatives linked to ESG, Public Awareness: Safety and stakeholder engagement campaigns, Customer Complaints: Resolution percentage, Grievance Mechanisms: Number of accessible complaint channels
5. Evaluation of Technological Innovation: Innovative Case Studies: Initiatives for efficiency, cost savings, process optimization, Digitalization: AI/IoT for leak detection, intrusion prevention, equipment reliability

CGD

AWARD CATEGORY: -

-PRE-PNRB: GAS AUTHORIZED BEFORE FORMAL FRAMEWORK

-ROUNDS 1-8: GAS AUTHORIZED IN EXPANSION PHASE

-ROUNDS 9 ONWARDS: GAS IN LATEST AUTHORIZATION ROUND

AWARD SEGMENT

- 🏆 OVERALL BEST PERFORMANCE
- 🏆 OPERATIONAL EXCELLENCE
- 🏆 SAFETY, INTEGRITY & TECHNICAL EXCELLENCE
- 🏆 LEADER IN CUSTOMER CARE & SERVICE DELIVERY
- 🏆 LEADER IN SUSTAINABILITY & GREEN INITIATIVES
- 🏆 SPECIAL JURY AWARD
- 🏆 VIRTUAL CONNECTIVITY
- 🏆 CBG BLENDING CHAMPION

CGD

EVALUATION FRAMEWORK

The Excellence Awards in City Gas Distribution Network recognize entities that demonstrate operational excellence, safety leadership, customer centricity, and sustainability commitment.

EVALUATION PARAMETERS

1. Minimum Work Program (MWP) - Assessment of PNG-D connections, Steel pipeline laying, and CNG stations development
2. CGD Performance - Evaluation of sales volumes, infrastructure development, and operational efficiency
3. Customer Care - Measurement of complaint resolution, connection commissioning, and service quality
4. Health, Safety, Security & Environment (HSSE) - Assessment of safety culture, incident management, training, and compliance
5. Innovations & Initiatives - Evaluation of GHG emissions, CBG blending, smart meters, and digitalization
6. Leaks & Losses - Measurement of gas loss minimization and operational efficiency
7. Financials - Assessment of ROCE, EBITDA, CAPEX utilization, and financial discipline
8. Data Compliance - Evaluation of regulatory reporting timeliness and data quality
